Today's CalSEED awardees from August 14 business meeting:

County	City	Sector	Award	Description
Alameda	Berkeley	Energy storage	Coreshell Technologies, Inc.	Thin-film battery electrode coating technology for lower costs and doubled battery life
Alameda	Berkeley	Generation	ActiveMEMS LLC	High-performance piezoelectric energy harvesters
Alameda	Fremont	Energy storage	Antora Energy	Inexpensive thermal energy storage using light radiation from the hot storage medium
Alameda	Oakland	Building efficiency	Arvind Simhadri	Pre-fabricated affordable renewable energy housing with solar, storage, and community energy management
Fresno	Coalinga	Building efficiency	SierraCrete LLC	Sustainable walls with insulation at low cost
Fresno	Fresno	Building efficiency	RAF Electronics Corp.	Efficient, low-cost solid state lighting for theatrical and agricultural buildings
Lassen	Milford	Generation	SolarFlexes LLC	Rapidly deployable ground-mounted photovoltaic solar array
Los Angeles	Los Angeles	Energy storage	NanoDian, Inc.	Low-cost, safer, cobalt-free, nanostructured lithium-ion battery cathode material
Los Angeles	Los Angeles	Energy storage	T2M Global, LLC	Thermal energy storage using ultrahigh osmotic pressure polymers

County	City	Sector	Award	Description
Los Angeles	Pasadena	Generation	Luminescent Energy	High-efficiency, scalable power- generating windows for urban centers
Los Angeles	Westlake Village	Industrial efficiency	GreenTech Motors Corp.	High-efficiency, smaller volume industrial motor
Marin	San Anselmo	Energy storage	EnZinc, Inc.	Safe, high performance rechargeable zinc battery
Orange	Garden Grove	Energy storage	ReJoule Incorporated	Impedance-based battery health management for large format lithiumion battery packs
Orange	Orange	Energy storage	Nrgtek Inc.	Energy storage with sodium iron flow batteries
Placer	Tahoe City	Generation	P-Kap Systems LLC	Bi-facial, low-profile, solar rooftop tracking
San Diego	Carlsbad	Generation	Icarus RT, Inc.	Low-cost hybrid solar photovoltaic/thermal system
San Diego	Carlsbad	Industrial efficiency	Optec Led, Inc.	Long-lasting, highly efficient LED streetlamps
San Diego	La Jolla	Energy storage	EndLis Energy	Low-cost, environmentally- sustainable, lithium carbon-based rechargeable batteries
San Diego	San Diego	Generation	Ivy Energy	Shared solar and energy management that benefits multi-unit building owners and tenants while incorporating dynamic pricing
San Diego	San Diego	Industrial efficiency	Luciant, Inc.	More efficient LEDs without heatsinks

ty	Sector	Award	Description
			using ceramic
			downconverter
			technology
ilo Alto	Energy	Noon Energy,	Rechargeable
	storage	Inc.	carbon-oxygen flow
			battery
ıratoga	Generation	Takachar	Portable, low-cost
			technology
			converting crop and
			forest residue into
			water and air
			filtration material
avis	•	•	Optimized electric
	efficiency	Inc.	water heating via
			combined heat
			pump water heating
			technology, hot
			water storage, and
			connected
v do		DAE	management Low-cost lithium
avis	• • • • • • • • • • • • • • • • • • • •	:-	carbon fluoride
	Storage		
vie	Enorgy		battery Lithium-ion battery
avio	• • • • • • • • • • • • • • • • • • • •	•	fire suppression
	Sicraye	Energy, inc.	system that protects
			surrounding battery
			cells
